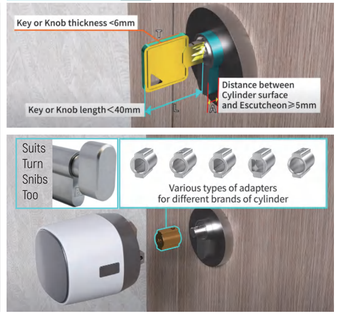
Retrofits
Lock & handles retrofit into most common brands screen door lock sets.
Retro Fit Most Popular Brands - Whitco / Austral / Lockwood

SMART HUB RETROFIT ACCESS CONTROL

Afixes to the end of your existing key and cylinder barrel.
Instantly turns your mechanical lock into a smart lock thru the TTLock app.
Also includes turn snib adaptors for retro fitting onto snib cylinder.

The hub rotates via the app or in unison with the sensor or keypad to un/lock the door

89420
White/Silver
Round Ergonomic Hub 63mm
Includes adaptor options for turn snib cylinders



AUTOMATIC DOOR LOCKING

Pair the door sensor together with your smart hub through the TTLock app.

When the door is closed and the magnet sensor is engaged, the sensor will automatically trigger the handle to relock the door.

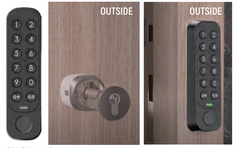
89416 White Door Sensor
41x27x11mm & 41x10x11mm

ACCESS CONTROL

Pair the keypad to your smart hub to provide access (Pin/FOB/Fingerprint).

Connects wirelessly to the outside of the door via bluetooth to the round knob hub.

You can also use your key for regular access.



59415 Keypad
129x34mm. 24-28mm Projection. Bluetooth Access Control

SMART RETROFIT CYLINDER - NIGHTLATCH

Convert your existing night latch or dead latch into a smart lock.
Simply remove your existing keyed cylinder, install the smart cylinder and set up on the TTLock app.
